## **Riley-Purgatory-Bluff Creek Watershed District Governance Manual – Introduction**

The Riley-Purgatory-Bluff Creek Watershed District is a special purpose unit of government established under Minnesota Statutes chapters 103B and 103D. The Riley-Purgatory-Bluff Creek Watershed District, is governed by a five-member Board of Managers appointed to staggered terms by the Hennepin County and Carver County Boards of Commissioners. In 2012, the Riley-Purgatory-Bluff Creek Watershed District hired an administrator to oversee and direct day-to-day activities and to carry out the Water Management Plan.

This **Riley-Purgatory-Bluff Creek Watershed District Governance Manual** was adopted by the Board on July 2, 2014, amended February 4, 2015, and again amended on October 14, 2020. The manual establishes clear written policies, procedures and instructions for the management of District activities and accounts, complete recordkeeping and records management, and separation of duties among District staff and contractors. The manual will also help to ensure that: similar transactions are treated consistently; that accounting principles used are appropriate and proper; and that records and reports are produced in forms desired by the managers and state review entities, including: the Legislature, the Office of the State Auditor; and the Board of Water and Soil Resources.

The manual consists of this document, along with the following policies and protocols adopted by the District:

- **General Governance Policies.**
- **Bylaws**, including the District Conflict of Interest Policy and fulfilling the requirement of Minnesota Statutes section 103D.315, subdivision 11.
- **Policies and Procedures for Public Access to Documents** fulfills requirements of the state Data Practices Act applicable to the District. The following auxiliary documents fulfill specific requirements of the Data Practices Act, as noted:
  - Security of Not-Public Data and procedures to ensure accuracy and security of data on individuals and to notify data subjects of their rights under the DPA, along with the accompanying Inventory of Not-Public Data on Individuals.
  - Procedures to ensure accuracy and security of data on individuals (Minn. Stat. § 13.05, subd. 5) and to notify data subjects of their rights under the DPA (Minn. Stat. § 13.025, subd. 3).
  - Tennesen notices and consent forms, created when needed and tailored for specific circumstances where private or confidential data is collected from individuals, such as new employees, or distributed (Minn. Stat. § 13.04, subd. 2). (The manual includes the District’s basic templates.)
- **Records Retention Schedule** allows the District to efficiently manage and, when appropriate, archive its files, and fulfills the requirement of Minn. Stat. §138.17, subdivision 7, as well and the Data Practices Act requirement that the District maintain a list of private and confidential data on individuals maintained

by the District (Minn. Stat. §13.05, subdivision 1). The schedule also includes indication of whether the District stores information electronically or in hard copy form, in compliance with the Uniform Electronic Transactions Act, Minnesota Statutes section 325L.17.

- **Policy for Management of Permit Fees, Financial Assurances and Abandoned Property** provides protocols to manage assurances collected by the District from permittees and ensures that funds submitted are managed in accordance with the state unclaimed property law (chapter 345 generally and section 345.38 specifically), accompanied by an:
  - Escrow agreement template, for escrow of funds submitted by permittees in fulfillment of the financial performance-assurance requirements in the District rules.
- **Public Purposes Expenditures Policy** includes protocols and requirements to ensure that the District complies with the requirement in the state constitution (Article X, section 1) that expenditures by government bodies must serve a public purpose;
- **Fund Balance Policy** adopted to bring District fund-classification and -naming practices into compliance with general accounting standards.
- **Internal Controls and Procedures for Financial Management** provides terms for the management and administration of District finances.

The manual will be reviewed at the managers' annual business meeting and updated as necessary. The manual will be submitted within 60 days of adoption to the Office of the State Auditor in compliance with Minn. Stat. § 6.756, as will any revisions and additional policies when adopted, copies of which shall be attached hereto and the Secretary is authorized to amend the index as necessary to reflect such additional policies. This manual may be amended only by compliance with the same terms and conditions applicable to the amendment of the District's By-laws, i.e. by a four-fifths majority vote of the Board of Managers with thirty (30) days' advance written notice of the proposed change(s), unless such notice is waived by all the managers. Notice of any amendment is to be contained in the notice of the meeting at which the proposed amendment is to be considered.

District staff and contractors are expected to conduct District business in accordance with the manual and to alert the Board of Managers to improvements and additions needed.

All resolutions of the Board of Managers shall be assigned a number which notes the year of the action and a sequential number based on the order of action.

- VI. **Conflict of Interest.** The Board seeks to operate in accordance with high ethical standards and wishes to establish clear guidelines for the ethical conduct of District business. Ensuring that conflicts of interest do not affect District proceedings is an essential element of maintaining high ethical standards. Therefore, to specify and supplement its commitment to compliance with the Ethics in Government Act, Minn. Stat. §10A.07, the Board adopts the following conflict of interest policy:
- a. *Disclosure of conflicts.* A manager who has a personal financial interest, or other private interest or relationship that limits the manager's ability objectively to consider, deliberate or vote, in a matter scheduled to come before the Board must prepare a written statement describing the matter requiring action and the nature of the potential conflict. The manager affected will deliver the statement to the president of the Board before the Board considers or takes action on the matter. If a potential conflict arises and a manager does not have sufficient time to prepare a written statement, the manager must orally inform the Board before the matter is discussed.
  - b. *Abstention.* A manager must abstain from chairing any meeting, participating in any vote, offering any motion, or participating in any discussion on any matter that may substantially affect the manager's financial interests or those of an associated business or family member, unless the effect on the manager is no more than on any other member of the manager's business classification, profession or occupation. A manager also must abstain from chairing any meeting, participating in any discussion, offering any motion, or voting on any matter in which a private interest or relationship of the manager limits the manager's ability objectively to consider, deliberate or vote. The manager's nonparticipation in the matter will be recorded in the minutes.
- VII. **Bylaws compliance, suspension and amendment.** These bylaws are adopted to facilitate the transaction of Board business. They should not be permitted to divert or hinder the expressed intent and desire of the Board. Informal compliance and substantial performance will be sufficient under the foregoing provisions in the absence of an objection seasonably taken. An objection will be deemed not seasonably taken as to any procedural matter provided for herein if a manager present at the meeting fails to object and request compliance with these bylaws during the meeting. To be seasonably taken by an absent member, an objection must be taken at the next regular meeting of the Board.

- a. Any provision of these bylaws may be suspended temporarily by a vote of all members of the Board present at the meeting, except a provision that preserves the right of an absent manager.
- b. These bylaws may be amended by a four-fifths (4/5) majority of the Board on 30 days written notice of the proposed change(s), unless such notice is waived by all managers. Notice of any amendment is to be contained in the notice of the meeting at which the proposed amendment is to be considered. An amendment to these bylaws must be approved by a four-fifths (4/5) majority of the Board.
- c. Interpretation of the bylaws and any amendment thereto will rest with the Board. The bylaws are to be interpreted as consistent with the state watershed laws, Minnesota Statutes chapters 103B and 103D, and other governing laws. In the event of a conflict, the governing laws control.
- d. These bylaws will be reviewed by the Board at least once every three years.
- e. These bylaws govern internal conduct of the business of the District and neither create nor elucidate any right in any third party.

I, \_\_\_\_\_, secretary of the Riley-Purgatory-Bluff Creek Watershed District Board of Managers, certify that the attached are true and correct copies of the bylaws of the Riley-Purgatory-Bluff Creek Watershed District, which were properly adopted by the Board of Managers October 14, 2020.

## **Code of Conduct Policy**

### **A. DECLARATION OF POLICY**

The proper operation of democratic government requires that the public officials and employees be independent, impartial and responsible to the people; that government decisions and policy be made in the proper channels of the government structure; that public office not be used for personal gain; and that the public have confidence in the integrity of its government.

In recognition of these goals, the Board of Managers has established this Code of Conduct for all public officials and employees of the District.

Public officials hold office on behalf of the public. They are bound to uphold the Constitution of the United States and the Constitution of the State of Minnesota. Public officials must carry out impartially the laws of the nation, state and District in fostering respect for all government and otherwise faithfully discharge the duties of their office.

Public officials shall be dedicated to fulfilling their responsibilities of office. They shall be dedicated to the public purpose and all programs developed by them shall be in the community interest. Public officials shall not exceed their authority or breach the law or ask others to do so. They shall work in full cooperation with other public officials and employees unless prohibited from doing so by the law.

### **B. BOARD OF MANAGERS CONDUCT WITH DISTRICT STAFF**

1. Board authority. The Board of Managers member's statutory duties

are generally to be performed by the Board of Managers as a whole. The Board of Managers, and not individual members, supervises the administrator, and the administrator supervises staff. As individuals, Board of Managers members have no administrative authority. They cannot give orders or otherwise supervise District employees, unless specifically directed to do so by the Board of Managers. The full Board of Managers, however, holds the ultimate authority over all administrative affairs in the District.

Clear, honest communication that respects the abilities, experience, and dignity of each individual is expected. Disrespectful behavior, conduct that does not respect abilities, experience, and dignity toward staff is not accepted.

2. Limitations on contact with District staff.

- (a) Questions of District staff and requests for information shall be directed to the administrator. Materials supplied to a Board of Managers member in response to a request will be made available to all members of the Board of Managers.
- (b) Board of Managers members shall not express concerns about the performance of a District employee in public, to the employee directly, or to the employee's supervisor. Comments about staff performance shall be made solely to the administrator through private correspondence or conversation.
- (c) Individual Board of Managers members must not attempt to influence staff on the making of appointments, awarding of contracts, selecting of consultants, processing of development

applications, or granting District permits outside of Board action at a Board meeting.

- (d) Request by a manager for staff support, even in high priority or emergency situations, shall be made to the administrator who is responsible for allocating District staff resources in order to maintain a professional, well-run organization.

#### C. MANAGERS CONDUCT WITH THE PUBLIC

1. No signs of partiality, prejudice, or disrespect will be tolerated on the part of individual Board of Managers members toward an individual participating in a public forum.
2. The President (or Vice-President in the President's absence) will determine and announce limits on speakers at the start of the public meeting. Generally, each speaker will be allocated three (3) minutes. If many speakers are anticipated, the President may shorten the time limit and/or ask speakers to limit themselves to new information and points of view not already covered by previous speakers. No speaker will be turned away unless exhibiting inappropriate behavior, such as discourteous or abusive conduct or verbal attacks affecting the decorum of the meeting.
3. Only the President (or Vice-President in the President's absence), and not individual Board of Managers members, can interrupt a speaker during a presentation. Questions by the Board of Managers members of the public shall seek to clarify or expend information. It is never appropriate to belligerently challenge or belittle the speaker. Board of Managers member's personal opinions or inclinations about upcoming votes shall not be revealed.
4. The District attorney serves as advisory parliamentarian for the District and is available to answer questions or interpret situations according to parliamentary procedures. Final rulings on parliamentary procedure are made by the President, subject to the appeal of the full Board of Managers.

#### D. MANAGERS CONDUCT IN UNOFFICIAL SETTINGS

1. It is appropriate for Board of Managers members to give a brief overview of the District policy when asked about a specific issue by constituents and to

refer individuals to District staff for further information. It is inappropriate to overtly or implicitly promise Board of Managers action, or to promise that District staff will perform or expedite a specific service or function (monitor lake, rush a permit etc.).

2. It is acceptable to publicly disagree about an issue, but it is unacceptable to make derogatory comments about District staff, other Board of Managers members, their opinions and actions.
3. Board of Managers members are constantly being observed by the community every day that they serve in office. Their behaviors serve as models for proper behavior in the District. Honesty and respect for the dignity of each individual should be reflected in every word and action taken by Board of Managers members, 24 hours a day, seven days a week. It is a serious and continuous responsibility.

#### E. INCLUSION AND DIVERSITY

The District embraces and values diversity and seeks to expand the District's internal awareness of the opportunities and challenges related to creating a more diverse and inclusive environment. The District seeks to deepen relationships with many communities, including traditionally underserved communities, by increasing outreach and project planning to benefit these communities. The District is committed to increasing its organizational diversity and inclusion efforts by increasing recruitment, promotion, and retention of candidates who truly represent our District for staff, CAC and service providers. We believe that a diverse mix of employees enrich the workplace and enhance the quality of our service. We will be innovative in our approaches to communities who truly represent our District. We will continue to collaborate across differences. We will be open to the challenges our community presents as it relates to diversity and inclusion. We will approach our efforts of inclusion with the same level of passion as water resource protection.

#### F. USE OF CONFIDENTIAL INFORMATION

A public official or employee of the District shall not use confidential information to further the employee's private interest, and shall not accept outside

employment or involvement in a business or activity that will require the employee to disclose or use confidential information.

**G. USE OF PROPERTY**

A public official or an employee shall not use or allow the use of District time, supplies, or District owned or leased property and equipment for the employee's private interest or any other use not in the interest of the District, except as provided by law and with prior administrator approval for such use and the use is of minimal value.

## **Riley-Purgatory-Bluff Creek Watershed District Policies and Procedures for Public Access to Documents**

Public access to the data of public bodies is governed by the Data Practices Act (DPA), Minnesota Statutes Chapter 13. The DPA states that data of public bodies are to be available to the public unless specifically protected by law where individual privacy would be violated or where other valid concerns outweigh the interest in public availability. The Riley-Purgatory-Bluff Creek Watershed District (District) recognizes the public interest in open access to its data as well as the public interest that requires that certain types of data not be publicly available. It is the intent of the District to comply fully with the DPA and, where the DPA allows for the exercise of judgment, to exercise that judgment consistent with the public interests underlying the law.

This policy is adopted pursuant to sections 13.025, subdivision 2, and 13.03, subdivision 2, of the DPA, which state that every public body shall establish procedures to implement the DPA. In addition, the District has adopted and maintains a Records Retention Schedule, which is an index of the records and data maintained by the District and describes private or confidential data on individuals collected by the District, in compliance with section 13.025, subdivision 1. This policy also is accompanied by a set of procedures to ensure that data on individuals are accurate and complete and to safeguard the data's security, consistent with section 13.05, subdivision 5, as well as an Inventory of Not-Public Data on Individuals to ensure that access to private and confidential data on individuals is limited to District personnel whose work or management assignments require access. The District also maintains a document setting forth the rights of data subjects under the DPA and procedures to guarantee the rights of data subjects in compliance with section 13.025, subdivision 3, and a document setting forth the rights of data subjects under the DPA.

### **Procedure for Review of District Documents**

In order to insure that requests for government data are received and complied with in an appropriate and prompt manner, all requests to inspect or receive copies of District data, and all other inquiries regarding the DPA, must be submitted on a form provided by the District and delivered to the "Data Practices Compliance Official," at the following address:

Riley-Purgatory-Bluff Creek Watershed District  
18681 Lake Drive East  
Chanhassen, MN 55346

The Administrative Assistant is designated as the Data Practices Compliance Official and Responsible Authority.

The District is able to most efficiently and completely respond to requests that are specific and detailed. The Data Practices Compliance Official will help to ensure that documents of interest have been gathered, that documents not subject to inspection pursuant to the DPA have been

segregated, and assistance is available to the requesting party. The District will provide requested data for inspection at the District office, or other location to be specified by the Data Practices Compliance Official. District files may not be removed from the District office.

The DPA requires that individuals be permitted to inspect or copy data within a reasonable time after a request. The District will attempt to respond to requests as quickly as possible. The response time will vary depending on the breadth of the request and the completeness and accuracy of the request.

If the District determines that certain data cannot be made available for inspection or copying, it will inform the individual of the classification of the data in question under the DPA and of the legal basis for denial of access.

The District will comply with the Data Practices Act in protecting “trade secret information” as defined in the Act.

The District may provide requested copies of data immediately or may advise that the copies will be provided as soon as reasonably possible thereafter. The ability to provide copies immediately depends on the number of copies requested, staff workload and the need to deliver the data elsewhere for copies to be made (e.g., oversize documents, tapes, electronic data).

### **Costs**

There is no cost to inspect documents. If document copies are requested, the requesting individual will be charged 25 cents per page for up to 100 letter- or legal-sized black-and-white printed copies, except that there is no charge for delivery by email of less than 100 pages or the equivalent (as determined by the District) of data. Standard charges will apply for re-delivery of data in the event of failure of email delivery resulting from incapacity of the recipient’s email system. Copies of documents will not be certified as true and correct copies unless certification is specifically requested. The fee for certification is \$1 per document.

With respect to oversize copies, tapes, electronic data, photographs, slides and other unusual formats, the requesting individual will be responsible for the actual cost incurred by the District to make the copy itself or to use a vendor, except that there is no charge for electronic delivery of less than 100 pages of data or the equivalent (as determined by the District).

An individual requesting copies or the electronic transmittal of more than 100 pages of data is responsible to pay the District the actual cost, including the cost of staff time to search for and retrieve data and to make, certify, compile and transmit copies. Staff-time cost will be assessed based on established hourly rates. The District will not charge for staff time needed to separate public from protected data.

If an individual so asks, before copies are made the District will advise of the approximate number of pages of documents responsive to a request or the likely cost of responding to a request. Payment may not be made in cash (checks are accepted). The District may, at its discretion, require payment in advance.

When an individual asks for a copy of data that have commercial value and were developed with a significant expenditure of public funds by the District, the District may charge a reasonable fee that relates to the actual cost of developing the data. As a condition of making certain commercially valuable data available, the District may require execution of a license agreement defining allowable use or further distribution.

## **Riley-Purgatory-Bluff Creek Watershed District Security and Protection of Not-Public Data on Individuals**

The Riley-Purgatory-Bluff Creek Watershed District establishes the following protocols pursuant to and in satisfaction of the requirement in Minn. Stat. §13.05, subdivision 5, that the District establish procedures ensuring appropriate access to not-public data on individuals. By incorporating employee access to not-public data in the District's Inventory of Data on Individuals, in the individual employee's position description, or both, the District limits access to not-public data to employees whose work assignment reasonably requires access.

### **Implementing Procedures**

#### *Data inventory*

Pursuant to Minnesota Statutes section 13.025, subdivision 1, the District has prepared a data inventory that identifies and describes all not-public data on individuals it maintains. To comply with the requirement in section 13.05, subdivision 5, the District has included indication of the managers and employees who have access to not-public data. (*See Appendix A: Inventory of Not-Public Data on Individuals.*)

In the event of a temporary duty as assigned by the administrator or a department director, an employee may access certain not-public data for as long as the work is assigned to the employee.

In addition to the employees listed in the data inventory, managers, the Responsible Authority/Data Practices Compliance Official and counsel may have access to *all* not-public data maintained by the District if necessary for specified duties. Any access to not-public data will be strictly limited to the data necessary to complete the work assignment.

#### *Employee position descriptions*

Position descriptions may contain provisions identifying any not-public data accessible to the employee when a work assignment reasonably requires access.

#### *Data sharing with authorized entities or individuals*

State or federal law may authorize the sharing of not-public data in specific circumstances. Not-public data may be shared with another entity if a federal or state law allows or mandates it. Individuals will have notice of any sharing in an applicable Tennessee warning or the District will obtain the individual's informed consent. Any sharing of not-public data will be strictly limited to the data necessary or required to comply with the applicable law.

To ensure appropriate access, the District will:

- Assign appropriate security roles, limit access to appropriate shared network drives and implement password protections for not-public electronic data;
- Password protect employee computers and lock computers before leaving workstations;
- Secure not-public data within locked work spaces and in locked file cabinets
- Shred not-public documents before disposing of them.

### *Penalties for unlawfully accessing not-public data*

The District may utilize the penalties for unlawful access to not-public data as provided for in Minnesota Statutes, section 13.09. Possible penalties include suspension, dismissal or referring the matter to the appropriate prosecutorial authority who may pursue a criminal misdemeanor charge.

### **Protection of Private and Confidential Data on Individuals**

Private and Confidential Data are governed by the following requirements:

- Private or confidential data may be released only to persons authorized by law to access such data;
- Private or confidential data must be secured at all times and not left in a location where they may be accessed by unauthorized persons;
- Private or confidential data must be shredded before it is disposed of pursuant to the District's records retention policy.

### *Accuracy and Currency of Data*

Employees of the District are requested, and given appropriate forms, to annually provide updated personal information for the District as necessary for District recordkeeping, tax, insurance, emergency notification and other personnel purposes. Other individuals who provide private or confidential information (e.g., managers) are also encouraged to provide updated information when appropriate.

### *Data Safeguards*

Private and confidential information is stored in secure files and databases that are not accessible to individuals who do not have authorized access. Private and confidential data on individuals is accessed only by individuals who are both authorized and have a need to access such information for District purposes. (An individual who is the subject of data classified as private may access such data for any reason.)

The District administrator, as Responsible Authority, reviews forms used by the District to collect data on individuals and ensures that the District collects private or confidential data only as necessary for authorized District purposes.

Only managers and employees of the District whose work for the District requires that they have access to private or confidential data may access files and records containing such information. Employees' and managers' access is further governed by the following requirements:

- Private or confidential data may be released only to persons authorized by law to access such data;
- Private or confidential data must be secured at all times and not left in a location where they may be accessed by unauthorized persons;
- Private or confidential data must be shredded before it is disposed of pursuant to the District's records retention policy.

When a contract with an outside entity requires access to private or confidential information retained by the District, the contracting entity is required by the terms of its agreement with the District to use and disseminate such information in a manner consistent with the DPA and the District's Policies and Procedures for Public Access to Documents.

**Riley-Purgatory-Bluff Creek Watershed District**  
Private and Confidential Data – Rights of Data Subjects

In accordance with the Minnesota Data Practices Act, Minnesota Statutes chapter 13 (DPA), the following protocols and information are established by the Riley-Purgatory-Bluff Watershed District (District). This information is provided to you, as the subject of private or confidential data collected by the District to explain how (1) the District assures that all data on individuals collected by the District are accurate, complete and current for the purposes for which they were collected, and (2) to explain the security safeguards in place for District records containing data on individuals.

**Rights to Access Government Data**

Minnesota law gives you, as the subject of private or confidential data collected by the District, and all members of the public the right to see data collected and maintained by the District, unless state or federal law classifies the data as not public. In addition, the DPA gives you and all members of the public the right to have access to or, if you wish, to copy any public data for any reason, as long as the data are not classified as not-public or copyrighted.

You have the right to:

- be informed, upon request, as to whether you are a subject of District data and how that data is classified;
- know what the District's procedures are for requesting government data;
- inspect any public data that the District collects and maintains at no charge;
- see public data that the District collects and maintains without telling the District who you are or why you want the data;
- have public data that the District collects and maintains explained to you;
- obtain copies of any public District data at a reasonable cost to you;
- be informed by the District in writing as to why you cannot see or have copies of not-public District data, including reference to the specific law that makes the data not-public;
- receive a response from the District to a data request in a reasonable time.
- contest the accuracy and completeness of public or private data the District has on you and appeal a determination by the District as to whether the data are accurate and complete;
- to ask the District, if you are under 18 years old, to withhold information about you from your parents or guardian;
- consent or revoke consent to the release of information the District has on you;
- release all, part or none of the private data the District has on you.

## **Security of Private and Confidential Data**

State law protects your privacy rights with regard to the information the District collects, uses and disseminates about you. The data the District collects about you may be classified as:

- Public – anyone can see the information;
- Private – only you and authorized District staff can see the information;
- Confidential – only authorized District staff can see the information.

When the District asks to you provide data about yourself that are private, the District will give you a notice called a Tennessen warning notice. This notice determines what the District can do with the data collected from you and the circumstances under which the District can release the data. The District will ask for your written permission before using private data about you in a way that is different from what is stated in the Tennessen notice you receive. The District also will ask for your written permission before releasing private data about you to someone other than those identified in the notice.

State law requires that the District protect private and confidential data about you. The District has established appropriate safeguards to ensure that your data are not inadvertently released or wrongfully accessed. The District disposes of private, confidential and other not-public data in accordance with its Records Retention Schedule, adopted July 2, 2014. Printed data are disposed of by shredding or other method sufficient to prevent the data from being ascertainable. Electronic data are destroyed or erased from media in a manner that prevents the data from being accessed or read. Data-storage systems in District computers are erased in the process of recycling.

## Riley-Purgatory-Bluff Creek Watershed District

### Policy for Management of Permit Fees, Financial Assurances and Abandoned Property

As provided by state law and the Riley-Purgatory-Bluff Creek Watershed District (District) rules, the District receives fees from applicants to reimburse the District for the costs of processing and administering permits required by the District rules (Permit fees). The District also receives bonds, letters of credit and cash deposits (checks) as financial assurances to secure the performance of permittees in compliance with permit terms and conditions (Financial Assurances). To ensure that such assets are managed in accordance with sound financial practices and state law governing local government financial practices and management of abandoned property, the District establishes the following policy and protocols for the management of Financial Assurances and Permit Fees.

1. **Permit fee payments.** The District will accept, process and maintain Permit Fees in accordance with District rules and the following protocols.
  - a. The District will not accept cash in payment of permit fees.
  - b. Checks received by the District in payment of permit fees will be deposited within 5 business days of receipt.
2. **Financial assurance deposits.** The District will catalogue and maintain Financial Assurances in accordance with the following protocols:
  - a. Financial Assurances received by the District will be logged in the Financial Assurance Log created for such purposes, then copied. A copy will be filed at the District offices. The Financial Assurance Log will include, at a minimum, the following information:
    - i. Permit number for which the financial assurance instrument is provided;
    - ii. Name of the permittee/escrow provider;
    - iii. Name, for bonds and letters of credit, of the surety;
    - iv. Amount(s) of the financial assurances provided;
    - v. Expiration date, if any, of the financial assurance;
    - vi. Location of the financial assurance instrument or deposit.
  - b. Original Financial Assurance instruments will be deposited for safekeeping at a location to be designated annually by the District Board of Managers.
  - c. When the permittee provides cash as its Finance Assurance, the Permittee shall enter into a cash escrow agreement with the District that specifies the terms and conditions under which the District accepts and holds the funds in escrow, as well as the circumstances under which the District may use the escrowed funds.
    - i. The District, with the advice of counsel, will maintain a cash escrow agreement template for use by permittees/escrow providers.
    - ii. The District will accept only checks or wire transferred funds when they are cleared funds and not able to be recalled, reversed or otherwise nullified by the entity on which such check is drawn, or which initiated the transfer.
    - iii. Permit approval may be revoked for failure to comply with this requirement, including if a check or transfer is withdrawn, reversed or

revoked or otherwise nullified by the entity on which such checks are drawn or which initiated such transfer.

- d. No check will be accepted by the District to serve as a financial assurance to secure performance of permit conditions until District staff has verified receipt of an associated executed escrow agreement, specifying the required deposit amount and permit to be secured by the escrow. The check must be in the amount specified in the associated escrow agreement and must bear the number of the District permit(s) to be secured.
  - e. Checks received by the District as financial assurances will be deposited within 10 business days of receipt in an account designated by the administrator exclusively for permit escrows. The account will be at a Board-designated depository institution.
3. **Maintenance of valid Financial Assurances.** To ensure that the District has the capacity to assure compliance with its rules and protect the District's water resources in the event of noncompliance with permit conditions and/or rules, District staff will follow the protocols below to ensure that Financial Assurances remain valid and enforceable:
- a. District compliance with the protocols in this section will be the responsibility of the District administrator.
  - b. The administrator will maintain the Financial Assurance Log.
  - c. The administrator will review the Financial Assurance Log monthly to ensure the continuing validity of financial assurances provided for active permits by identifying bonds and letters of credit that will expire within the ensuing 90 days.
  - d. The administrator will determine – in the course of his or her monthly review of the Financial Assurance Log – whether replacement of the financial assurance is needed for a particular project, and, if so, alert the permittee to the need to provide a replacement instrument at least 60 days prior to the expiration of the existing instrument.
  - e. If deemed necessary in response to a permittee's unwillingness or inability to provide a replacement financial assurance, the administrator will contact counsel at least 30 days prior to the expiration of the financial assurance to initiate procedures to draw on the existing financial assurance.
    - i. The administrator will ensure that proper authorization for a financial assurance draw is secured in a timely manner, with a priority on the protection of District water resources.
4. **Return of Financial Assurances.** Financial Assurance instruments will be returned in accordance with applicable District rules, including sections 5.5 and 12.4.
- a. The administrator will monthly designate financial assurances that may be returned in whole or in part to the surety (with notice to the principal/permittee) and, upon receipt of required documentation, take the steps necessary to return such instruments and/or funds.
  - b. The administrator will maintain record of returned financial assurances in the Financial Assurance Log and retain a copy of original financial assurance documents in compliance with the District records retention schedule.
5. **Abandoned property procedures.** State law imposes requirements applicable to any intangible asset in the District's possession that remains unclaimed for three years or more after the asset is no longer needed for District purposes (e.g., three years after a

permitted project is completed and the associated financial assurance becomes eligible for release in accordance with District rules). To ensure compliance with abandoned-property requirements, the District establishes the following protocols.

- a. The District will annually assess whether cash escrows remain on deposit after completion of the applicable permitted work and attempt to return them. For cash escrows that have been in the District's possession for three years or more, unclaimed by the owner, staff will commence unclaimed property return procedures as follows.
  - i. By July 1 of each year, District staff will take reasonable steps to notify owners by mail of unclaimed property. A letter should be sent to all known addresses on file for the owner, notifying owner of the amount still held by the District and describing steps necessary to claim the property. Staff need not send such a letter if documentation in the District's possession indicates that the address(es) it has for the owner are inaccurate.
  - ii. If the owner cannot be found, the assets are deemed legally abandoned and the District will remit them to the state Commissioner of Commerce, along with the report required by Minnesota Statutes section 345.41, as may be amended, containing information on the identity of the owner of the unclaimed assets in the District's possession, a description of the assets, the date the assets became payable or returnable to the owner and any other information that may be required by the commissioner. Formatting and filing of the report will be in compliance with Department of Commerce guidance.
  - iii. By October 31 each year, the required report, verified by the administrator, should be filed with the commissioner and all assets unclaimed as of the preceding June 30 should be remitted to the commissioner, and a copy of such report shall be provided to the Board of Managers.
  - iv. The District may deduct a service charge from the unclaimed assets remitted to cover costs of attempting to locate an owner and, if necessary, reporting and paying the unclaimed funds to the commissioner only if the escrow provider has agreed to the deduction of such charges.

## ESCROW AGREEMENT

Between the Riley Purgatory Bluff Creek Watershed District  
and \_\_\_\_\_

This agreement is made by and between the Riley Purgatory Bluff Creek Watershed District, a watershed district under Minnesota Statutes chapters 103B and 103D (RPBCWD), and \_\_\_\_\_, a \_\_\_\_\_ (Permittee), to establish a cash escrow in fulfillment of financial assurance requirements under RPBCWD permit no. \_\_\_\_\_.

### Recitals

A. Pursuant to Minnesota Statutes section 103D.345, the RPBCWD has adopted and implements rules governing development and other activity within the boundaries of the RPBCWD that may have an impact on water resources.

B. RPBCWD rules require that as a condition of permit approval a permittee must provide and maintain a financial assurance in the form of a bond, letter of credit or cash escrow for the purpose of covering costs the RPBCWD may incur in monitoring and inspecting activity under the permit and in responding, if necessary, to violations of a watershed statute or RPBCWD rule, permit or order.

C. This agreement documents that a cash escrow has been submitted by Permittee or on Permittee's behalf to fulfill a financial assurance obligation under permit no. \_\_\_\_\_ and specifies the conditions and procedures under which the RPBCWD will hold and may draw on the escrow. Permittee and the RPBCWD, in executing this agreement, concur that it is legally binding.

### Agreement

1. Permittee has submitted a cash escrow in the amount of \$ \_\_\_\_\_. The RPBCWD will hold the escrow in an escrow account where it may be commingled with escrow funds held by the RPBCWD on behalf of parties other than Permittee. The RPBCWD need not hold the funds in an interest-bearing account and Permittee will not be entitled to interest on the escrow. If the escrow is submitted in a form other than cash and the escrow amount is not credited promptly to the RPBCWD account, the RPBCWD may declare this agreement null and void by written notice to Permittee.

2. Unused escrowed funds will be released to Permittee and additional escrow funds will be submitted by Permittee or on Permittee's behalf in accordance with the RPBCWD rules and duly adopted resolutions and policies of the RPBCWD Board of Managers.

3. Escrow funds will become the sole property of the RPBCWD, and Permittee agrees to relinquish all legal and equitable interest therein, as follows:

a. The RPBCWD may invoice Permittee for permit review, compliance monitoring and other eligible costs in accordance with duly established RPBCWD procedures.

b. If after notice and opportunity to be heard the RPBCWD finds violation of a watershed statute or RPBCWD rule, permit or order, the RPBCWD may give written notice to Permittee. The notice will describe the violation and the action required to correct it. If within twenty (20) days of notice delivery the violation has not been corrected and arrangements acceptable to the RPBCWD have not been made, without further notice the RPBCWD may take steps it deems reasonable to correct the violation, and may have access to the property during reasonable times for that purpose, provided that the RPBCWD will give 24 hours' notice before entry and exercise due care to avoid unnecessary disturbance or damage to the property. If the RPBCWD finds that entry is required to address an occurring or imminent threat to water resources, it may enter and correct without prior hearing or opportunity to cure, but only to the extent reasonably necessary to address the threat.

c. The RPBCWD may invoice Permittee for reasonable costs incurred for activity under paragraph 3b. If payment is not made within 30 days, the RPBCWD may transfer funds from the escrow account into RPBCWD accounts and credit Permittee accordingly.

4. Escrow funds submitted hereunder are submitted to secure the performance of Permittee under permit no. \_\_\_\_\_. If the permit is issued, and if the Permittee and any agent, employee or contractor well and faithfully performs all activities and things undertaken and authorized by permit no. \_\_\_\_\_ in compliance with all applicable laws, including applicable statutes, rules, permit conditions, orders, agreements and stipulations of the RPBCWD, and pays, when due, all fees or other charges required by law, including all costs to the RPBCWD of administering and enforcing the terms of the above-stated permit and this agreement, including reasonable attorneys' fees, then on written notification to the RPBCWD of same and the

RPBCWD's confirmation thereof, the RPBCWD will release the escrowed funds to Permittee.

5. All obligations of the RPBCWD under this agreement in holding and using the escrow funds are to Permittee only. Nothing in this agreement creates any right in any third party as against the RPBCWD or in any way waives or abridges any immunity, defense or liability limit of the RPBCWD. Permittee indemnifies the RPBCWD for any claim, liability or cost the RPBCWD incurs as a result of a party other than Permittee asserting ownership in or a right to the escrow funds or any party thereof. Permittee will not assign or purport to assign any interest in the escrow funds or this agreement to any third party, except in conjunction with a transfer of Permittee's permit approved in writing by the RPBCWD.

6. Nothing in this agreement affects Permittee's legal right, if any, to appeal a finding of violation or seek a legal determination of the purposes to which the RPBCWD may use the escrow funds.

7. The Permittee agrees that, should the escrow funds submitted hereunder remain unclaimed by the Permittee or his successor in interest so as to become "abandoned property" as that term is defined in Minnesota law, the RPBCWD may assess a service charge from the unclaimed assets to cover costs of attempting to locate the Permittee or his successor in interest and, if necessary, reporting and paying the unclaimed funds as required by law.

8. This agreement is effective on the signature of the parties and terminates when the RPBCWD releases the escrow or declares the agreement null and void under paragraph 1, above. The agreement may be amended only in a writing signed by the parties. An increase or decrease in the amount of escrow funds held by the RPBCWD for permit no. \_\_\_\_\_ does not constitute an amendment.

9. Notice to Permittee under this agreement is effective when sent by certified mail to Permittee's address as stated in the permit application or such other address as Permittee subsequently has notified the RPBCWD in writing. The laws of the State of Minnesota will govern any legal proceeding concerning this agreement. Venue for any such proceeding will be in the county where the real property that is the subject of this agreement is located. The recitals are incorporated as a part of this agreement.

IN WITNESS WHEREOF, the parties hereto have executed this agreement.

**Riley-Purgatory-Bluff Creek Watershed District**  
**Public Purposes Expenditures Policy**

Minnesota law mandates that governmental entities make expenditures only for public purposes and only as authorized to accomplish the purposes for which the entity was created. The Riley-Purgatory-Bluff Creek Watershed District (District) establishes the following policy and protocols to ensure that District expenditures serve clear, documented watershed district purposes. The District administrator will be responsible for the implementation of this policy and associated protocols.

1. **Travel.** The District may pay reasonable and necessary expenses for travel, lodging, meals and appropriate incidental expenses related to the performance of official District functions. Expenditures must be approved in advance by the administrator (for employees) or Board of Managers (for managers and the administrator) and must be directly related to the performance of District functions.
  - a. An employee or manager will be reimbursed for mileage expenses incurred when using the employee's or manager's personal vehicle to conduct District business. Mileage will be reimbursed at the tax-deductible mileage rate set by the federal Internal Revenue Service. Mileage expenses need not be approved in advance, but mileage expenses will be reimbursed only when accompanied by documentation of the date, number of miles traveled, purpose and destination(s). Mileage for employee commuting to and from the District offices will not be reimbursed.
  - b. *Overnight in-state travel.* Expenses eligible for reimbursement include:
    - i. Registration for workshops, conferences, seminars and other events pertaining to District business;
    - ii. Mileage and parking – use of personal vehicle (only) will be reimbursed at the tax-deductible mileage rate set by the federal Internal Revenue Service;
    - iii. Meals;
    - iv. Gratuities (15 percent of expenses incurred);
    - v. Lodging;
    - vi. Other actual expenses.
  - c. *Overnight out-of-state travel.* All out-of-state travel must be approved in advance by the Board of Managers. In determining whether to approve out-of-state travel, the Board of Managers will give particular consideration to whether representation from the District has been requested by a state or federal governmental office or other host entity whose purpose or work particularly relates to the District's purposes, projects or programs. If two or more managers or staff travel together by car, only the driver will receive reimbursement. All expenses are limited to those which are reasonable, ordinary and necessary. Receipts are required for expenses for which reimbursement is requested. Expenses eligible for reimbursement include:
    - i. Round-trip coach-class (or lesser-cost) airfare;
    - ii. Registration for conferences, seminars and other events pertaining to

- District business;
    - iii. Mileage and parking – use of personal vehicle (only) will be reimbursed at the tax-deductible mileage rate set by the federal Internal Revenue Service and the cost of renting an automobile will be reimbursed only if necessary to conduct District business (reimbursed to airport and back using personal vehicle);
    - iv. Meals (excluding alcoholic beverages);
    - v. Gratuities (not to exceed 20 percent of expenses incurred);
    - vi. Lodging;
    - vii. Other actual and reasonable expenses.
- 2. **Employee and manager training.** The District may pay reasonable registration, tuition, travel and incidental expenses (including lodging and meals) for education, development and training when expenditures are directly related to the performance of duties. Expenditures must be approved in advance by the administrator (for employees) or Board (for managers and the administrator). Each person attending such training shall report on the purpose of the training, the skills and knowledge obtained as a result of the training and implementation recommendations, and recommendations on the value of future attendance of such training. The administrator shall maintain a log of training paid for by the District and include a report on staff and manager training in the monthly staff report.
- 3. **Safety and health programs.** The District may pay for safety and health programs that promote healthier and more productive employees and reduce costs to watershed taxpayers, including costs associated with workers' compensation and disability benefits claims, insurance premiums and lost time resulting from employee absences.
- 4. **Manager and employee recognition and appreciation.** The District may pay for programs that recognize managers and employees for significant contributions to the District's performance and demonstrated commitment to the District's effective and efficient fulfillment of its purposes in accordance with an annual plan and budget for such events, approved by the Board. The District may pay for occasional manager and employee appreciation events or activities conducted in accordance with an annual plan and budget for such events, approved by the Board. No expenditure for manager or employee recognition will be made under this policy unless and until the structure, purposes and criteria for recognition are approved by the Board.
  - a. The District will not pay employees direct non-salary payments (i.e., bonuses) except as conditioned on achievement of performance goals specified in a written employment agreement.
- 5. **Food and beverages.** The District may pay for food and beverages when necessary to ensure meaningful, efficient and effective participation of employees, managers or the public in activities, events and functions directly related to District purposes. Circumstances under which District expenditures for food and beverages will be allowed include:
  - a. Food and/or beverages provided as part of a structured agenda of a conference, workshop, work session, outreach meeting or seminar, when the topic or subject of which relates to the official business of the District and the majority of the participants are not District employees or managers;
  - b. Food and/or beverages may be provided as part of a workshop or formal meeting primarily for District employees or managers where food and/or beverages are

necessary to facilitate the conduct of the meeting, to ensure continuity and support the participation of employees, managers and other participants. Examples of potential qualifying events include:

- i. An extended planning or operational analysis meeting;
  - ii. An extended meeting to develop long-term strategic plans;
  - iii. A structured training session for employees generally; or
  - iv. Official meetings of the District Board, a committee, task force or advisory group.
- c. Food and/or beverages may be provided for occasional employee or manager recognition and appreciation events and activities, when approved by the Board in accordance with a District employee recognition and appreciation plan and budget.
  - d. The District may pay for food and/or beverage expenses incurred in connection with a meeting or event attended by employees and/or managers, the primary purpose of which is to discuss, negotiate or evaluate a plan, program, project or other endeavor directly related to District purposes.
  - e. District meetings, workshops and training sessions will be scheduled to avoid the need to provide food whenever possible.
6. **Outreach and stakeholder involvement.** The District may pay for community and stakeholder outreach and involvement programs to ensure that efficient and effective District programs, projects and meetings are conducted to gather public and intergovernmental input and participation in District planning, research, rulemaking and program or project design.
  7. **Membership, donations.** The District may pay for membership in the Minnesota Association of Watershed Districts in accordance with Minnesota Statutes section 103D.335, subdivision 20. District funds may be expended for membership in other professional organizations if the organization is an association of a civic, educational or governmental nature and its activities are directly related to District purposes or the improvement of District operations. District funds may not be donated to any professional, technical or charitable organization, person or private institution. The District may contract for services rendered by such organizations.
  8. **Protocols.** The following protocols are established to ensure compliance with above policies:
    - a. For employees other than the administrator, the written approval of the administrator must be secured prior to an event or activity to qualify as a District expenditure.
    - b. All invoices or reimbursement requests must include or be accompanied by a copy of the administrator's written approval and must include itemized receipts or other appropriate documentation of expenses incurred. Documentation also must include the date the expense(s) were incurred, location, purpose, participating or attending individuals and relevant affiliation, explanation of the need for food and/or beverage for the meeting, event or activity, and any other relevant information.
    - c. Copies of all documentation specified herein will be recorded and maintained in accordance with the District records retention policy.

- d. No expenditure shall be made which will cause the aggregate expenditures in the budget category to exceed the budget for that category without authorization by the Board of Managers.
9. **Use of District property**
- a. District property, including but not limited to computers, phones, fax machines and other office equipment, will be used exclusively for District business, except for incidental personal use by District staff that does not interfere with or impede the conduct of District business to any substantial degree.
  - b. District property must be used for only its intended purposes.
  - c. The administrator may not dispose of any District property with a value of more than \$1,000 without prior authorization of the Board of Managers.
10. **Miscellaneous.**
- a. The District administrator will secure an approval described above for expenses he or she will incur from the president of the Board of Managers, except that the administrator may approve or pay expenses for District-conducted programs, events and activities.
  - b. The District will not pay for alcoholic beverages under any circumstances.

**Riley-Purgatory-Bluff Creek Watershed District**  
**Fund Balance Policy**

**I. Purpose**

Pursuant to Statement No. 54 of the Governmental Accounting Standards Board concerning fund balance reporting and governmental-fund type definitions, and the recommendation of its auditor, the Riley-Purgatory-Bluff Creek Watershed District establishes specific guidelines the District will use to maintain an adequate fund balance to provide for cash-flow requirements and contingency needs because major revenue, most notably half of the District's annual levy, is received in the second half of the District's fiscal year.

The policy also establishes specific guidelines the District will use to classify fund balances into categories based primarily on the extent to which the District is legally required to expend funds only for certain specific purposes.

**II. Classification of Fund Balances, Procedures**

**1. Nonspendable**

- This category includes funds that cannot be spent because they either (i) are not in spendable form or (ii) are legally or contractually required to be maintained intact. Examples include inventories and prepaid amounts.

**2. Restricted**

- Fund balances are classified as restricted when constraints placed on those resources are either (i) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (ii) imposed by law through constitutional provisions or enabling legislation.

**3. Committed**

- Fund balances that can only be used for specific purposes pursuant to constraints imposed by action of the District Board of Managers. The committed amounts cannot be used for any other purpose unless the District removes or changes the specified use by taking the same type of action it employed to commit those amounts.
- The Board of Managers will annually or as deemed necessary commit specific revenue sources for specified purposes by resolution. This action must occur prior to the end of the reporting period, but the amount to be subject to the constraint may be determined in the subsequent period.
- The Board of Managers may remove a constraint on specified use of committed resources by resolution.

#### **4. Assigned**

- Amounts for which a specified purpose has been stated, but are neither restricted nor committed. Assigned fund balances include amounts that are intended to be used for specific purposes.

#### **5. Unassigned**

- A residual classification that includes amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes.

#### **6. Other Principles and Procedures**

- *Working capital.* The District will endeavor to maintain an unassigned fund balance of an amount not less than 50 percent of the next year's budgeted expenditures for working capital. This will assist in maintaining an adequate level of fund balance to provide for cash-flow requirements and contingency needs because major revenues, including property taxes and other government aids are received in the second half of the District's fiscal year.
- A negative residual amount may not be reported for restricted, committed, or assigned fund balances.

### **III. Monitoring and Reporting**

The District administrator will annually prepare a report on the status of fund balances in relation to this policy and present the report to the District managers in conjunction with the annual audit report to the State of Minnesota.

When both restricted and unrestricted resources are available for use, it is the District's general policy to first use restricted resources, then use unrestricted resources as needed. When committed, assigned or unassigned resources are available for use, it is the District's general policy to use resources in the following order; 1) committed 2) assigned and 3) unassigned.

**RILEY PURGATORY BLUFF CREEK WATERSHED DISTRICT**  
**INVESTMENT AND DEPOSITORY POLICY**

**1. PURPOSE**

The purpose of this policy is to establish the Riley Purgatory Bluff Creek Watershed District's investment objectives, establish specific guidelines that the District will use in the investment of funds, and establish District depository policy. It will be the responsibility of the District administrator to invest District funds in order to attain a market rate of return while preserving and protecting the capital of the overall portfolio and to ensure compliance with District policy and with statutory requirements applicable to the District's designation a depository financial institution. Investments will be made in compliance with statutory constraints and in safe, low-risk instruments that are approved by the RPBCWD Board of Managers.

**2. SCOPE**

This policy applies to all financial assets of the District, including, as to depository policy, funds held in escrow.

**3. SPECIFIC REVENUE SOURCES AND POOLING OF FUNDS**

The District will report proceeds of specific revenue sources as restricted, committed or assigned for specific purposes, as applicable, and maintain its budget and accounts in a manner consistent with these designations. Except for cash in these certain restricted, committed and assigned funds, the District will consolidate cash and reserve balances from all funds to maximize investment earnings and increase efficiencies with regard to investment pricing, safekeeping and administration. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

**4. DESIGNATION OF DEPOSITORY AND COLLATERALIZATION**

The District Board of Managers annually will designate a financial institution or institutions in the State of Minnesota as the depository of District funds. In the event the Board of Managers does not designate a depository in any particular year, the last-designated depository will continue in that capacity. Each depository will furnish collateral, as necessary, in the manner and to the extent required by Minnesota Statutes Section 118A.03, as it may be amended, and other applicable law. Collateral will be held in safekeeping in compliance with Section 118A.03, as it may be amended.

## 5. DELEGATION OF AUTHORITY

Minnesota Statutes Section 118A.02 provides that the governing body may authorize the treasurer or chief financial officer to make investments of funds under Sections 118A.01 to 118A.06 or other applicable law. Pursuant to Article VI of the District Bylaws and Governance Policies: Executive Limitations Policy 6, Asset Protection, the Board of Managers, and as otherwise permitted by law, designates the administrator as the District's chief financial officer and authorizes the District administrator to invest District funds pursuant to this policy and state law for the District.

The District administrator shall assure compliance with this policy and further develop and maintain adequate controls, procedures, and methods assuring security and accurate accounting on a day-to-day basis.

## 6. OBJECTIVES

At all times investments of the District shall be made and maintained in accordance with Minnesota Statutes Chapter 118A as it may be amended. The primary objectives of the District investment activities shall be in the following order of priority:

### A. SECURITY

Security of principal is the foremost objective of the investment portfolio. Preserving capital and protecting investment principal shall be the primary objective of each investment transaction. Specific risks will be managed as follows:

*Credit Risk.* Credit risk is the risk of loss due to failure of the security issuer or backer. Designated depositories will have insurance through the Federal Deposit Insurance Corporation or the Securities Investor Protection Corporation. To ensure security when considering an investment, the District will cross-check all depositories under consideration against existing investments to make certain that funds in excess of insurance limits are not deposited with the same institution unless collateralized as outlined herein. Furthermore, the Board of Managers will approve all financial institutions, brokers and advisers with which the District will do business.

*Concentration of Credit Risk.* The District will diversify its investments according to type and maturity. The District portfolio, to the greatest extent feasible, will contain a mixture of short-term (shorter than one year) and long-term (more than one year) investments. The District will attempt to match its investments with anticipated cash-flow requirements. Extended

maturities may be utilized to take advantage of higher yields.

*Interest Rate Risk.* Interest rate risk is the risk that the market value of securities in the portfolio will fall due to changes in general interest rates. The District will minimize interest rate risk by structuring its investment portfolio to ensure that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.

*Custodial Risk.* The District will minimize deposit custodial risk, which is the risk of loss due to failure of the depository bank (or credit union), by obtaining collateral for all uninsured amounts on deposit, and by obtaining necessary documentation to show compliance. (See section III.)

## B. LIQUIDITY

The investment portfolio shall remain sufficiently liquid to meet projected disbursement requirements. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands. Generally, investments will have short terms and/or “laddered” maturities so that funds become available on a regular schedule. Liquid funds will allow the District to meet possible cash emergencies without being significantly penalized on investments.

## C. RETURN ON INVESTMENT

The investment portfolio shall be designed to manage the funds to maximize returns consistent with items A and B above and within the requirements set forth in this policy. Subject to the requirements of the investment objectives herein, it is the policy of the District to offer financial institutions and companies within the District the opportunity to bid on investments; the District will seek the best investment yields.

## 7. PRUDENCE

The “prudent person” standard shall be applied in managing District investments. All investment transactions shall be made in good faith with the degree of judgment and care, under the circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of their own affairs, in accordance with this policy.

## 8. ELIGIBLE INVESTMENTS

All investments shall be in accordance with Minnesota Statutes section 118A.04.

## **9. INVESTMENT RESTRICTIONS**

In addition to statutory prohibitions, no investment of District funds shall be made in derivative products, structured notes, inverse index bonds, repurchase agreements or other exotic products or investments not authorized by statute.

## **10. SAFEKEEPING**

District investments, contracts and agreements will be held in safekeeping in compliance with Minnesota Statutes Section 118A.06. In addition, before accepting any investment of District funds and annually thereafter, the supervising officer of the financial institution serving as a broker for the District shall submit a certification substantially in the form attached hereto as Exhibit Y stating that the officer has reviewed the District Investment and Depository Policy and incorporated statement of investment restrictions, as well as applicable state law, agrees to act in a manner consistent with the policy and law, that the supervising officer will promptly disclose any potential conflicts of interest or risk to public funds that might arise out of business transactions between the firm and the District, and that the financial institution will undertake reasonable efforts to preclude imprudent transactions involving the District funds. The District will annually provide the policy as it may be amended to each such supervising officer.

## **11. CONFLICT OF INTEREST**

Any District manager or staff member involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or which could impair his/her ability to make impartial investment decisions.

## **12. INTERNAL CONTROLS AND REPORTING**

Internal controls are designed to prevent loss of public funds due to fraud, error, misrepresentation, unanticipated market changes, or imprudent actions. Before the District invests any surplus funds, competitive quotations shall be obtained. If a specific maturity date is required, either for cash flow purposes or for conformance to maturity guidelines, quotations will be requested for instruments which meet the maturity requirement. The District will accept the quotation which provides the highest rate of return within the maturity required and within the limits of this policy.

The District funds shall not be invested for a term exceeding three years unless so authorized by the Board of Managers.

Monthly, the District administrator shall provide an investments report to the Board

of Managers, including but not limited to the amount invested, the maturity date(s), the institution with which invested or the investment type, and the interest rate. Investments shall be audited and reported with financial statement annually. It shall be the practice of the District Board to review and amend the investment policy from time to time as needed, but not less than once every two years.

**Riley-Purgatory-Bluff Creek Watershed District**  
**Policy on Permit Fee Reimbursement**

1. Permit fee deposits will held in escrow and applied to reimburse the District for permit inspection-related costs incurred at the rates stated in a permit fee deposit and rate schedule established by the Board of Managers.
2. When a permit application is approved, the deposit will be replenished to the applicable deposit amount by the applicant before the permit will be issued to cover actual costs incurred to monitor compliance with permit conditions and the District Rules.
3. No permit will be modified, renewed or extended if the applicable permit fee deposit balance is negative.
4. The administrator will return any unused portion of an applicant's permit fee deposit to the permittee within 45 days of notice from the permittee that the permitted work has been completed, unless the District determines that the work has not been completed in accordance with the applicable permit.
5. All permit applicants and permittees shall replenish the permit fee deposit to the original amount or such lesser amount as the District administrator deems sufficient within 30 days of receiving notice that such deposit is due, and directing the administrator to close out the relevant application or permit and revoke prior approvals, if any, if the permit-fee deposit is not timely replenished;
